VLADIMIR A. WAHBE
SECRETARY OF STATE PLANNING

The Honorable Marvin Mandel
Governor of Maryland

Honorable Members of the General Assembly

Ladies and Gentlemen:

In accordance with Article 88C of the Maryland Annotated Code, and the Federal Department of the Treasury Circular 1082, Governor Mandel designated the Department of State Planning as the Central Information Reception Agency to receive notices of Federal Grants-in-Aid made to the State of Maryland and its political subdivisions. The report lists those grants awarded in Maryland from July 1, 1975 to June 30, 1976. The source of data is that reported to the State Clearinghouse by the Federal agencies.

This report contains a Summary Statement; Part I listing the recipients of the grants - State agencies, local governments and miscellaneous; and Part II listing Federal funding agencies in alphabetical order and the total amount of grants awarded by each by Federal program number.

A summary comparison of grants received by recipient for FY's 72, 73, 74, 75 and 76 can be found on the page immediately preceding Part I. A summary comparison of grants awarded by Federal agency for FY's 72, 73, 74, 75 and 76 can be found on the page immediately preceding Part II.

This is the Sixth Annual Report of Federal Grants-in-Aid awarded in Maryland published by the Department of State Planning. During Fiscal Year 1976, Federal agencies required to report on grants awarded under procedures established by the Federal Department of the Treasury, Circular 1082 have adhered more effectively to those procedures, and the accuracy of this report is believed to be greater than for the prior year. Nevertheless, some errors and omissions still occur in the notices submitted to the State Clearinghouse by the many Federal agencies. In addition, certain programs such as surplus property, or surplus agricultural commodities, and the Food Stamp Program are not reported. Therefore, the total amount of Federal grants listed in the report is less than that actually awarded. We continue to work to enhance the quality of this report, and we would appreciate your informing us of errors or omissions pertaining to your agency or subdivision so that improvements may be made.

We sincerely hope that this and our quarterly reports are of value to you.

Sincerely,

Vladimir Wahbe
